

Developmental Disability Services

Currently, Virginia's Developmental Disability Waivers provide twenty-seven different services to thousands of individuals. DD Waivers include the Community Living Waiver, Family and Individual Waiver, and Building Independence Waiver. The Department of Medical Assistance (DMAS) administers the Waivers, while day-to-day operations are managed by the Department of Behavioral Health and Developmental Services (DBHDS). Mount Rogers Community Services can assist with eligibility determination for DD Waivers within the Mount Rogers catchment area. The division serves both individuals with intellectual and developmental disabilities.

Eligibility for DD Waivers are based on three factors: Diagnostic Eligibility, Functional Eligibility and Financial Eligibility. Individuals can meet Diagnostic Eligibility with either an intellectual or developmental disability diagnosis.

Conflict-Free Case Management

Mount Rogers is a conflict-free point of entry for statewide Developmental Disability Waiver Services. Support Coordinators assist in completing assessments and eligibility information for placement on the state's Waiver Waitlist.

Developmental Disability Support Coordination and Case Management services assess an individual's level of need while linking and referring to appropriate services. Case Managers and Support Coordinators also provide education and choices for services.

Residential & Facilitation Services

Service Facilitation

Service facilitation for consumer-directed personal assistance, companion, and respite services. Individuals must be receiving an additional service with Mount Rogers Community Services to be eligible.

EPSDT

Service facilitation for consumer-directed personal assistance for individuals who are under 21-years-old and meet other criteria. Individuals must be receiving an additional service with Mount Rogers Community Services to be eligible.

CCC+ Waiver

Service facilitation for consumer-directed personal assistance and respite. Individuals must be receiving an additional service with Mount Rogers Community Services to be eligible.

Agency Group Homes

Licensed homes providing 24-hour support by qualified Direct Support Professionals, supporting individuals with the necessary skills to live in the community. These homes offer support to individuals who have medical, behavioral and complex specialized care needs.

Contracted Group Homes

Much like Agency Group Homes, Contracted Group Homes offer Direct Support Professionals to support individuals with living in the community. These homes are operated by contracted providers under the guidance of Mount Rogers.

Sponsored Residential Services

Sponsored Residential Providers are licensed, contracted providers that support up to two individuals in a family home setting. Professionally trained providers assist individuals in acquiring, retaining, or improving the self-help, socialization, and skills necessary to live in a community setting.
